

WELCOME TO

City of Horace Utilities

The City of Horace provides Water, Sewer, Trash, Recycling, Forestry, and Vector services to its residents.

Horace has dual service for water. All city water is purchased from the Cass Rural Water District, with a portion of the city being serviced by the Horace Water District and the remainder serviced directly by Cass Rural Water District. If your property is located within the Horace Water District (see attached map), your water usage is included on your Horace utility bill. If it is located outside of the Horace Water District, you will need to contact Cass Rural Water at (701)-428-3139 to establish water service, and you will receive a separate bill from Cass Rural Water District for your water usage.

Trash and recycling are picked up by Waste Management and are billed on your City of Horace utility bill. For questions and assistance with these services, please contact the Utility department at (701)-492-2972.

To set up your utility services—at new residence

Go to our website, cityofhorace.com, on the top of the page, click on “City Forms” then choose the “New Residents Form”. Complete this form and submit it. Once submitted, your new trash and recycle cans (if needed) will be ordered. You will also receive a confirmation email with contact information for other utilities you may require that the City does not manage directly.

Note: you may access the New Residents Form also by scanning this QR Code.

Moving out of your residence

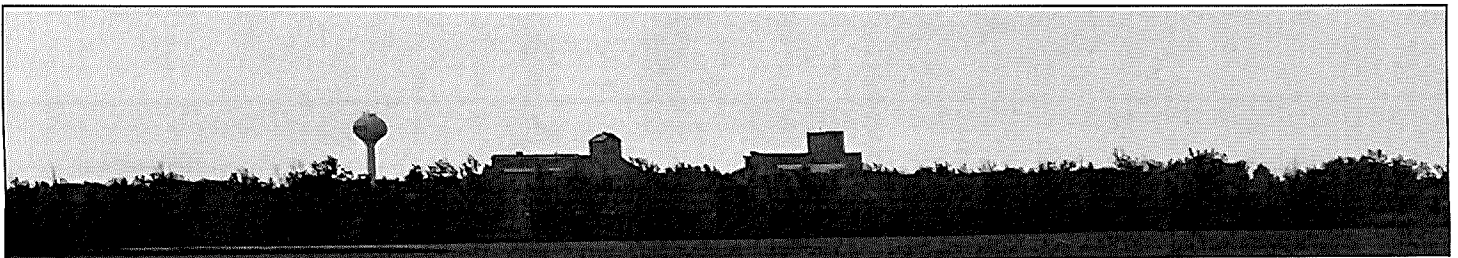

Go to our website, cityofhorace.com, on the top of the page, click on “City Forms” then choose the “Moving away from Horace form”, complete and submit this form.

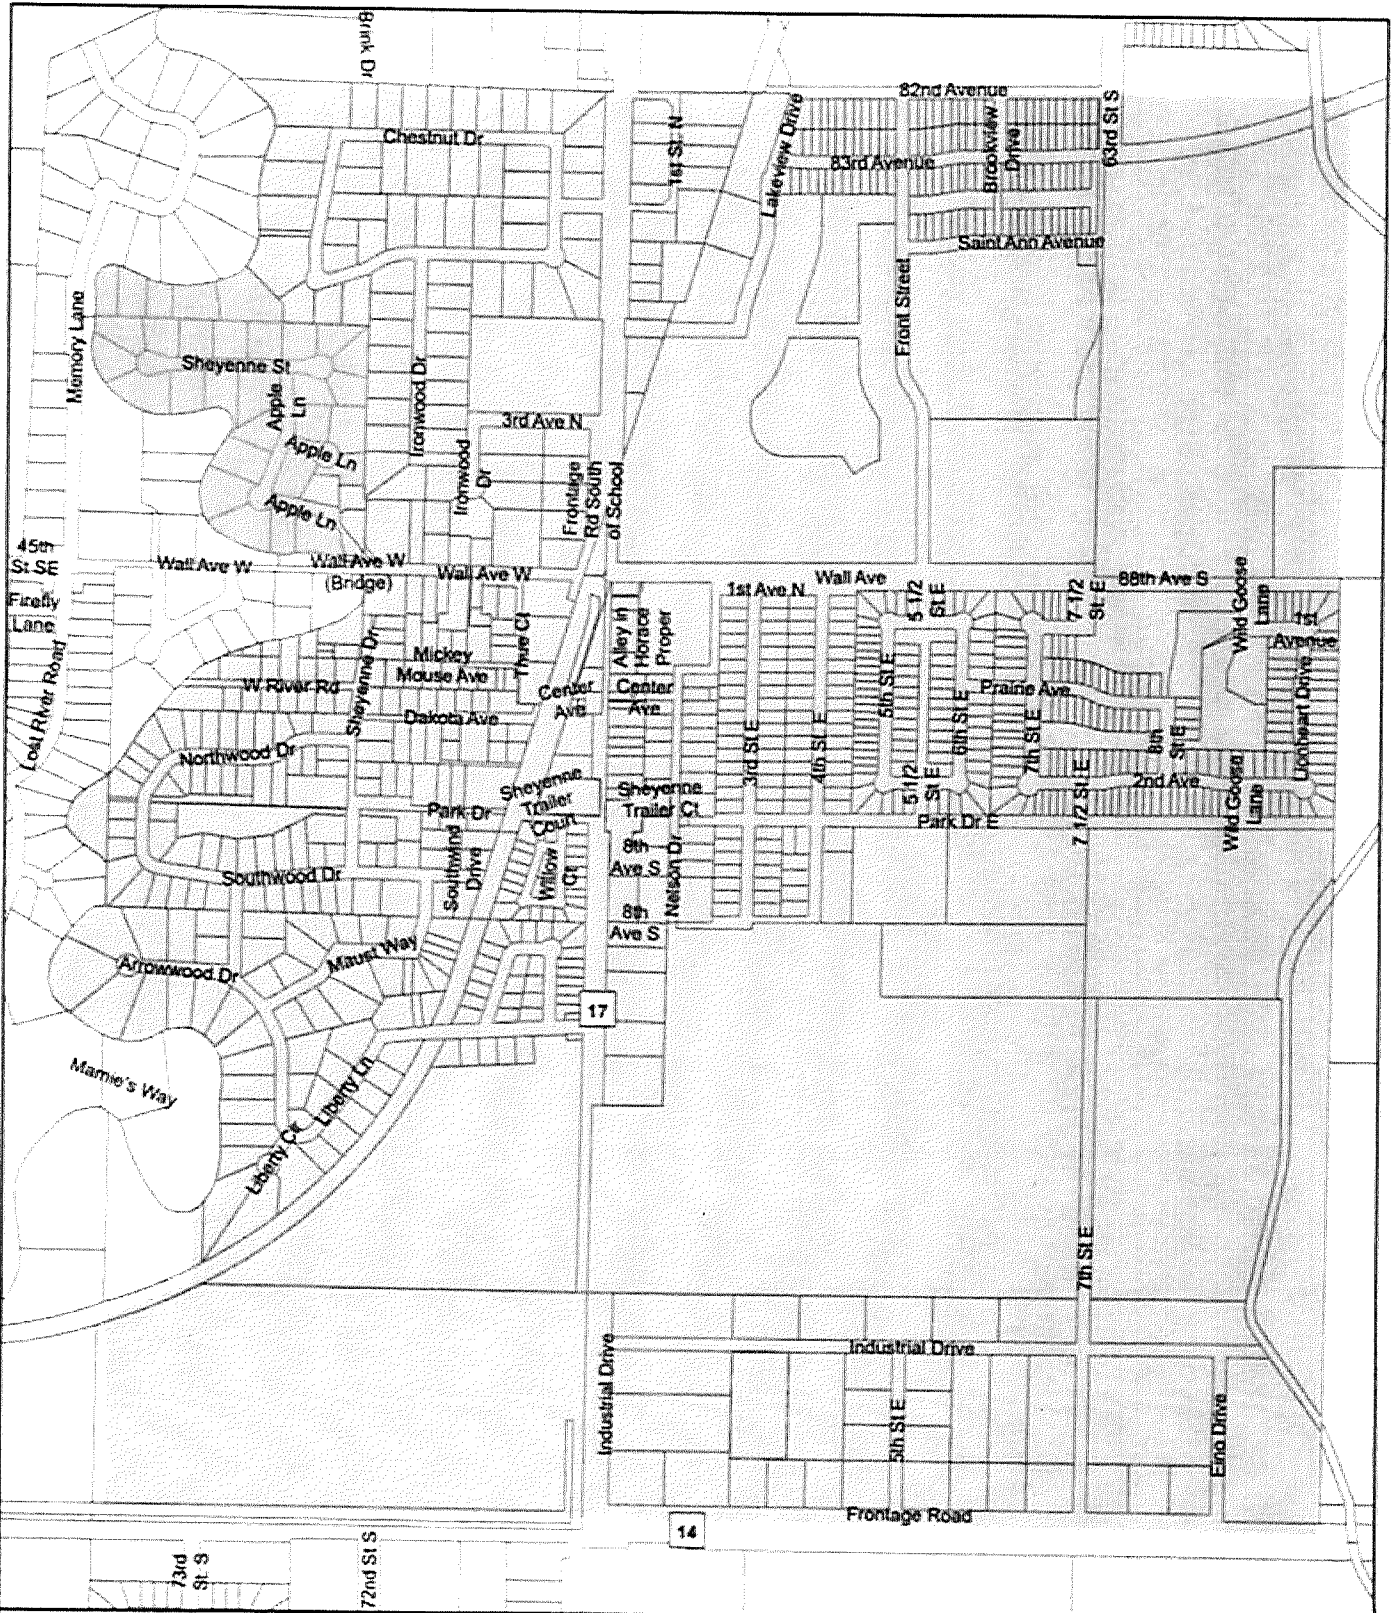

Moving from one home to another within the city

Please fill out both forms, moving from the old address (“moving away from Horace”) and moving into the new address (“New Resident form”)

Thank You

Horace Water District
